As an aspiring designer, I am driven by my passion for creativity and my dedication to meeting the needs of my clients. I am always eager to learn new skills and techniques that will enable me to produce fresh and innovative designs that stand out in today's competitive marketplace. With every project, I approach it with an open mind and a willingness to try out new concepts and ideas. My goal is to create designs that not only satisfy my clients but also exceed their expectations and leave a lasting impression on their target audience.

SKILLS

- Proficient in Adobe Creative Suite (Photoshop, Illustrator)
- Strong knowledge of typography, color theory, and design principles
- Experience in designing for print and digital media
- Excellent communication and collaboration skills
- Strong attention to detail and ability to meet deadlines
- Skilled in the art of 3D design and rendering, and proficient in crafting compelling product shots and packaging designs

WORK EXPERIENCE

Kite and Crest

Graphic Design Manager / June 1, 2021 - Present

Producing visually appealing and unique shirt designs across a range of styles and materials, taking into account brand identity and target audience to create designs that resonate with clients and consumers alike.

Personiv Philippines

Graphic Designer / Sept. 19 2022 - Dec 19, 2022

Focus on creating greeting cards, I bring a blend of creativity and quality control to every project. With a deep understanding of seasonal trends and an eye for detail, I am able to design unique and visually appealing cards that capture the spirit of each occasion. My experience in quality control ensures that every card meets the highest standards of excellence and accuracy, from the design elements to the printed product. I work collaboratively with clients to ensure that their vision is translated into a one-of-a-kind card that exceeds their expectations. With a passion for design and a commitment to delivering exceptional products, I am dedicated to making each season a special one through my greeting card designs

DIGIWORX

Senior Graphic Designer / Feb. 17, 2022 - June 19, 2022

I specialize in digital marketing, my focus is on creating visually engaging content that promotes my clients' businesses across various social media platforms. I am dedicated to staying up-to-date with the latest digital marketing trends and tools, and I use this knowledge to create effective social media campaigns that build brand awareness and drive traffic to my clients' websites. By collaborating closely with clients to understand their brand identity and marketing goals, I am able to design creative and impactful graphics that tell their brand story and connect with their target audience.

ATC Healthcare International Corporation

Graphic Artist / May 21, 2018 - February 17, 2022

Designing product packaging that is visually appealing, communicates brand messaging, and creates a memorable user experience. Additionally, I am experienced in creating social media content that promotes products and engages with target audiences across various platforms. By understanding the brand's story, values, and target audience, I am able to create design solutions that effectively communicate the brand's message and engage with consumers. I stay up-to-date with the latest design and social media trends and techniques to ensure that my designs are always fresh and relevant.

Steel Arts Billboards

Graphic Artist / Nov 9, 2014 - May 16, 2018

Creating a visually compelling and informative signage for a variety of outdoor applications. This includes designing building signage, road signs, and billboards that effectively communicate information and grab the attention of passersby. By considering the unique characteristics of each location and the intended audience, I am able to create signage that stands out and is easily understood. I am knowledgeable in the latest techniques and materials for outdoor signage and am committed to creating designs that are both impactful and durable."

Next Sign Inc.

Graphic Artist / July 09, 2013 - Nov 10, 2014

My primary responsibility is to create a design for the company signage that effectively communicates the brand identity, messaging, and values to the public. This involves understanding the client's needs and preferences, researching the design context, and utilizing creative and technical skills to produce a high-quality design solution. In addition, I may be responsible for overseeing the production process, ensuring that the final product meets design specifications, and making any necessary adjustments. Overall, my aim is to create a visually appealing and functional signage design that meets the specific needs of the client and enhances their brand visibility and recognition.

Adflix Manila

Graphic Artist / Oct 1, 2012 - July 7, 2013

Developing printed marketing materials, with a particular specialization in road signs and large format printing. Through my expertise in design principles, printing technologies, and material selection, I create marketing collaterals that are visually engaging, informative, and effective in reaching the intended audience. I understand the importance of clear and eye-catching road signs, as well as the unique design considerations involved in creating large format prints. With a focus on delivering high-quality design solutions, I am committed to ensuring that my clients' marketing collaterals effectively communicate their brand messaging and achieve their marketing goals

QCopies N Images

Graphic Artist / April 16, 2009 - July 7, 2012

developing designs for a range of marketing collaterals, including corporate giveaways, calling cards, IDS mugs, and custom design shirts. I have a deep understanding of design principles and techniques, as well as a strong knowledge of materials, printing technologies, and production processes

Graficad Creation Enterprises

Graphic Artist / May 16, 2006 - April 4, 2009

Developing designs for various types of advertising materials, including car stickers, tarpaulins, large format printing, and building directories. I possess in-depth knowledge of design principles and techniques, as well as a strong understanding of materials, printing technologies, and production processes. This enables me to create designs that are visually compelling and effective in communicating the intended message to the target audience. Whether it's a car sticker or a building directory, I strive to develop designs that meet the specific needs and preferences of my clients and help them achieve their advertising goals
